*“The Long Gray Line has never failed us. Were you to do so, a million ghosts in olive drab, in brown khaki, in blue and gray, would rise from their white crosses thundering those magic words, Duty—Honor—Country.” ~ General Douglas MacArthur, final address to West Point*

U.S. military officers betraying their oath to the Constitution, and supporting, even just enabling the Marxist infiltration currently underway in the Department of Defense, need to be fully aware the Nuremberg defense will not hold up in a courts martial.

“I was just following orders,” is not going to cut it, when those orders command the destruction of the nation you swore to defend, against foreign and *DOMESTIC* enemies.

Every lie will be revealed.

You will be held accountable, eventually.

With the removal from command of Lt Col Lohmeier, USAF, for eloquently warning of this infiltration in his book [Irresistible Revolution](#), there is no longer any doubt about what is happening. There is no longer any place to hide.

By supporting the racist ideology, the cultural Marxism of critical race theory, being pushed by our enemy in Beijing — the Chinese Communist Party — you are committing treason against the American people.

You will pay the price for this diabolical deception.

For the life of me, I cannot understand why more officers are not stepping up, and speaking out.

Do you have no courage?

Do you have no honor?

Are you being paid?

Are you worried about your career, so you turn a blind eye while the current Marxist military leadership destroys the greatest republic in the history of mankind?

The U.S. military used to held to a higher moral ground. Not any more. You are squandering the legacy of millions who died before you defending our beloved republic.

There are no more excuses.

Live up to your oath, or face the eventual wrath of America.
